## PROFILE

- A confident photographer and retoucher specialised in delivering high quality images of any subject matter.
- Working as a photographer I have developed a varied portfolio ranging in subject matter from studio products and portraiture, to architecture, action sports and events. Engaging in many different types of photography has made me confident that I can get the best image possible in any photographic scenario.
- As a retoucher I am experienced using a combination of Photoshop and Lightroom to retouch clothing, portraiture, household appliances and other products.
- I have completed a BA Honours Degree studying Photography, of which I graduated with 1st Class Honours.
